"YES ON T"..... District Elections Urged !!!

"SUPERVISORS DON'T LIVE IN THE NEIGHBORHOODS THEY ARE SUPPOSED TO REPRESENT".....Harvey Milk.

"A SUPERVISOR FOR YOUR NEIGHBORHOOD, THE CASTRO, THE HAIGHT, POLKSTRASSE, AND NOT JUST PACIFIC HEIGHTS, OR ST. FRANCIS WOODS".....Rev. Ray Broshears

Former candidate for Supervisor, Harvey Milk told the GAY CRUSADER that the homes of the members of the Board of Supervisors who oppose District Election of Supervisors, are in St. Francis Woods and Pacific Heights, very wealthy districts, and that there is no representation in the majority of the City, the Castro, Polkstrasse, Tenderloin, North Beach, Mission, Bernal Heights, Ingleside, Haight-Ashbury, Western Addition, Hunters Point-Bayview to mention but a few portions of our City that go unrepresented due to the current method of electing members of the Board of Supervisors.

Harvey told the GAY CRUSADER that it is to the advantage of gays to have district elections, for then one, two and maybe even three gays could be elected to the Board of Supervisors.

Candidate for the Community College Board on November 2nd, Ray Broshears said that district elections are a must and that he would like to see the College Board also elected by districts, giving the people representation in the affairs of that body.

November 2nd Is At Hand! VOTE!

"D-DAY" for all voters, and in particular, gay people, is at hand. November 2nd is the day that a gay person more than possibly will be elected to public office in San Francisco (Ray Broshears).

Ballot proposition "T" could mean the election of at least two gay persons to the Board of Supervisors next year.

The re-election of Senator Marks will strike a major blow for gay liberation.

The defeat of State Proposition 13 will be a step against organized crime in California.

The re-election of Assemblyman Michael Wornum in Marin County will save a pro-gay vote in the Assembly, and help in that election is needed urgently, as the Republicans have launched a major campaign to defeat Wornum.

John Burton, incumbent Congressman from San Francisco-Marin needs every gay vote in the 17th Assembly district of the City to defeat his Republican foe.

Phillip Burton needs a three to one victory to help him capture the House Majority post, to vindicate him from the "Wayne Hays affair".

The defeat of State Proposition 14 is vital if individual rights are to be protected in California.

The election such persons as Mrs. Jule Johnson, Ben Tom, Jim Gonzales and Michael Miller to the Board of Education is vital if the Board of Education is to become an education vehicle and not a political vehicle.

The election of Rev. Ray Broshears, a gay person, to the Community College Board is vital, he is supported by such groups as the San Francisco Federated Young Democrats, the Native American Labor Advisory Council, the Gay Voters League, the Senior Citizens Committee on Education and the Truman Democratic Club. 1976 is a political revolutionary year for gay peoples here!

Pacific Telephone Ends Discrimination

Mark Jordan and Barry Plough, two of the many hundreds of gay employees at Pacific Telephone stepped forward and said that discrimination in employment at Pacific Telephone against gays does not exist.

The story reported in the CHRONICLE, covered the events that took place at hearing of the Human Rights Commission on a charge by the Pride Foundation's Paul Hardman and their straight attorney Fred Furth.

As most all know, employment discrimination did indeed exist at Pacific Telephone as late as 1974, but in late '74, PT&T changed their policies after four years of demonstrations directed at them by the GLA (Gay Liberation Alliance), the only gay group to ever do so. They held about 71 different demonstrations/actions directed

at Pacific Telephone in an effort to obtain a change in policy, which eventually did come in gradual stages.

The GLA agreed with Pacific Telephone that gay persons who were "outrageous in dress and manners" would be disruptive and should be considered "unfit" for employment at Ma Bell.

Pacific Telephone asked the GLA president to testify, but he declined, as he has many bitter feelings toward Pacific Telephone, but agreeing that discrimination has for all practical purposes, ended and that Hardman and the Pride Foundation, who were being goaded by certain radical gay leftists, were seeking publicity and that they were "beating a dead horse".

Not once during the hearing, did the Pride group present one single person who could say that they had been discriminated against by PT&T because they were gay.

The Pride group presented things from the past which the GLA had presented years ago and were not true today, as then. —30—

It is obvious that with Senator John Foran representing the big business interests of the City, that we do not need another Chamber of Commerce "lackey" representing our City in Sacramento. Senator Milton Marks has always been a defender of the poor, of the elderly, of the disabled, of those citizens who have no "voice" except their vote. It is true that Senator Marks has not yet introduced any legislation which would end discrimination in employment and housing against gay people, but perhaps, with an overwhelming mandate from the gay voters of the City, he will do this in 1977 or sooner. Mendelsohn obviously would have never done this.... we can see that now. Mendelsohn kept the editor of this paper who obviously influenced the other members of the staff, "hanging" with his promises of representation of the poor, the disabled and the handicapped. But the refusal of Bob Mendelsohn and his campaign co-chairperson George Moscone (the Mayor) to halt the taxicab fare increase, only signaled the type of State Senator that Mendelsohn would have made. He cowered to Bill Lazar of Luxor Cab who is president of the statewide cab owners association. He folded in the face of pressure from Dick Liberman, Ben Swig and Bob Lurie, and voted the increase on the property tax, all the while he gave Lurie, owner of the Giants baseball team, a cut in his taxes so he could "keep the Giants" in San Francisco. Hell, they should have let them go, they are not asset to the City anyway. Senator Marks, while having a "run of poor luck" in some of those he has hired, who have done him a terrible dis-service by being rude and/or ignoring those persons, gay and straight whom they had dislikes for, must be judged for what he, Milton Marks has done, and not the likes of a Preston Cook or a Duke Smith. Marks has an outstanding record in Sacramento in many areas, and he did help the passage of the Sexual Reform law. November 2nd, all gay people are urged to vote for their Senator....Marks!!!

editorial SENATOR MARKS

November 2nd.....vote for Milton Marks for State Senator, Fifth Senatorial District!

+++

The five members plus of the staff of the GAY CRUSADER are in full agreement at last about whom to support for State Senator....Marks! The staff has been divided on this issue until the recent votes against the people who pay the bills of the City, by Senator Marks' challenger. The staff of this paper had warned the Supervisor that if he voted one more time against the best interests of the citizens of this City, that we would support Milton Marks. Bob Mendelsohn is a nice young man, but that's where it ends. His votes for property tax increases, which causes the rents of his elderly and poor constituents to increase, is an abomination. It is an inhuman vote, a vote that could only have been made by a person who cares more about the support of the Chamber of Commerce than the average San Franciscan.

Delaney Arrested!

Well known gay activist, and former vice president of the Truman Democratic Club, Michael Delaney, who writes for Data Boy magazine, was arrested upon a citizen complaint signed by Thomas M. Edwards, his room-mate and columnist for the Sentinel.

The arrest took place in the early morning hours, Sunday October 17th, at which time Edwards told police that Delaney had struck him, and the police from the Mission Station, who are friends of Edwards, took Delaney and booked him on battery and disturbing the peace.

Delaney's release from City Prison was secured by attorney B.J. Beckwith through a bailbondsmen. Edwards claimed that Delaney was under the influence, and was playing his stereo too loud, according to both Edwards and Delaney. Thus setting off an argument in which Edwards claims that Delaney beat him to the floor.

Delaney claims otherwise, saying that he was pushed first. The issue obviously is a difficult one according to Delaney and must be settled in court.

Delaney told the GAY CRUSADER that Edwards left a suicide note and will several weeks ago, prompting he (Delaney) to call the police and in particular a Sgt. Anderson who is a friend of Edwards'. Delaney told the CRUSADER that Edwards never went to the Golden Gate Bridge, but was later found at the home of Alan Stanford, who operates Dial A Model, an agency of males for hire.

Delaney told the CRUSADER that he was relocating in the City, and that he hoped all his friends would understand the difficult times that he has had with Edwards. A year ago, Edwards lover committed suicide!

Broshears Campaign Party Hosts 183

A campaign party in honor of Rev. Raymond Broshears, candidate for the Community College Board on November 2nd, drew over 183 persons to the garden party at the home of Mr. & Mrs. Handelsman. Amongst those in attendance were Senator Milton Marks, City Assessor John Farrell, former congressional candidate Alan French, school board candidate Jule Johnson, George Banda, Eddie Van, Ron Williams, Sister Ruby, Sal C. Balistreri, Tom Smith, Supervisor Quentin Kopp, Leonore Cautrelle, to mention but a few. The candidate, Rev. Broshears was 1 1/2 hours late, as he was at the Columbus Day Parade with campaign Treasurer Sal Balistreri, heading out campaign literature. Broshears has been endorsed by the City Assessor for his hard line stand on expansion of the Community Colleges, which Broshears wants to halt. He has also received the endorsement of the Native American Labor Advisory Council, SF Federated Young Democrats, Truman Democratic Club, Gay Voters League, Elliott Blackstone, Elanor Cragen, Joan Hitchcock, Hector Navarro, Chuck Bayles, Phillip Prince, Tony DeSetti and man more. If you wish to help out in the campaign, contact the campaign at 673-8184 or Phyllis at 777-9990.

Kiss Today Goodbye

GEORGE PAYNE IN **KISS TODAY GOODBYE**
 a FRANCIS ELLIE Production
 X-RATED / COLOR / ALL MALE CAST

A ROMANTIC TRIANGLE OF TRIUMPH AND TRAGEDY.

This film, produced by Francis Ellie, who also directs the film, stars George Payne, who starred in "Back Row".

The film presents the complexity of relationships and the mysteriousness of time.

Lew Seager another rising young actor, works well with George Payne, to create a film of depth and beauty.

Seager is the married bi-sexual, and Payne plays the hard hat construction worker. With Seager the Madison Avenue, nine to five, suit and tie type, and Payne wearing his construction clothes, levis, etc. They do blend, even with background contrasts, and add to this the wife of Seager, Mary Stunning. Mary is a step forward for women in gay films, and dare say, we shall see more of this in the future.

Seager, the executive, is having the usual heterosexual marital problems and during one of his trips to New York, he encounters Payne who is one of the company's construction workers. It is obvious from the first moment that they have things other than construction in mind.

The romance between his fellow employee and he begins when Payne is ending his relationship with his bitchy queen lover. The sex scenes with Payne are unsurpassed in any gay film to date. And the color of the

film, along with excellent photography, only adds to the hot sex scenes. Payne, lonely, after having broken up with his lover, is a prime target for the man-hunting Seager. Seager, tired of his wife, must decide whether he wants a man more than a woman. One scene that will have you laughing, is when the masturbates and fantasizes over his wife. Mary Stunning as the wife, reminds you of Joan Rivers.

Tragedy strikes in the film, when George Payne waits for Seager at their regular rendezvous, and Seager does not appear. Payne returns home, to find a birthday orgy in his honor and Seager amongst the guests. The final scene of love reality comes to a head, when Seager confesses to Payne that, "I love you, but I can't leave my wife and child."

It is a film that anyone who is gay can enjoy, for it is well done. Payne, rumor has it, has given up gay films and is now making only heterosexual films, having just made the film, "Death Wish" with Charles Bronson. Gay films will miss him, but we still have him in "Kiss Today Goodbye". George Payne was born in Ohio, and went to school in Palm Springs California. He was in the Air Force, and upon his discharge, he entered college. His intense love of show business brought him to New York, and the role in "Kiss Today Goodbye". George has a 44 inch chest and a 31 inch waist, and in fine shape. See George Payne in "Kiss Today Goodbye" ...coming soon, to the SPARTAN CINEMA.

GAY VOTERS LEAGUE ENDORSEMENTS!!

CONGRESSMAN PHILLIP BURTON TOPS ALL IN A MOST SUCCESSFUL GAY VOTERS LEAGUE CANDIDATES NIGHT.

The popular Phillip Burton, 6th District, topped all persons in popularity to gain his endorsement by the gay voters of San Francisco.

He was represented at the meeting by Doris Thomas, his popular legislative aide in San Francisco.

PHIL BURTON

His brother, the Congressman from the 5th District, John Burton, won easily over his foes. John was present and speaking, and was quoted in the CHRONICLE which covered the 5th Annual GAY VOTERS LEAGUE Candidates Night, which was held at the Towne House Motel at 8th & Market.

There were only 40 gays present, along with 21 persons who were either candidates, or persons speaking for candidates or propositions. Art Agnos failed to show up again, but won the Gay Voters League endorsement walking away.

Ella Hutch was present and she easily won her bid for endorsement. Ella is a candidate for the BART Board in the 7th District.

John Kirkwood did not show up, but barely gained enough votes to show the nomination over Bob Hagen who failed to show also. Willie Brown won endorsement in his bid for re-election in the 17th Assembly District, and he too failed to put in an appearance.

Dr. S.I. Hayakawa sent the popular Gene Prat who ran for Sheriff last year, and nearly upset Tunney, who got the Gay Voters League endorsement by 2 votes!

Senator Milton Marks of the 5th State Senate District, in one of his many appearances won the endorsement over his opponent who was present, Bob Mendelsohn, and the outcome was not even close. Once again Jim Foster could not "deliver" for Bob Mendelsohn.

Marks was the obvious favorite. Leo McCarthy, incumbent Assemblyman won endorsement and showed his contempt for gays by his failure to make an appearance.

MILTON MARKS

Jimmy Carter easily won the endorsement for the U. S. Presidency. The gathering had been thoroughly "Carterized" by Harvey Milk and Paul Hardman the co-emcees for the Gay Voters League, and for months by the Gay Voters League president, Ray Broshears.

Broshears won the endorsement of the Gay Voters League in his drive to win the Community College Board post. Broshears topped the list, with Tony Compilongo who was present, seeking one of the four seats, gaining the Gay Voters League endorsement.

The Board of Education (School Board) endorsements went to, Ben Tom, who was present, and to Michael Miller who was present also with his lovely wife Joanne.

Jim Gonzales had no trouble gaining the endorsement in his bid for a School Board post either. The last of the four endorsements went to Peter Mezey who also was present.

District Elections of Supervisors, Proposition "T" won the endorsement of the Gay Voters League with no

JOHN BURTON

opposition whatsoever. State Proposition 13 was defeated, the controversial dog racing law.

State Proposition 14 won endorsement which is the farm workers board.

The Gay Voters League was the ONLY open candidates night held in the gay community this year, and there was considerable opposition to it by members of the Tok las Democratic Club, who wanted only their endorsements to stand as the voice of the gay community, but as

always, justice and right prevails. The co-emcees, Paul Hardman and Harvey Milk counted the ballots, and were assisted by attorney B.J. Beckwith and the League president. The balloting was open to all persons of the gay community.

The complete honesty of the voting procedure kept several "professional politico hacks" away from the event.

The endorsements are a true sampling of the feelings and vote of the gay people of San Francisco, and on November 2nd is most likely the way the vote will go in the gay districts.

It was obvious to all that groups such as the Gay Voters League represent the

"voice" of the gay community, in that all proceedings are open to the general public and are non-partisan. This year, Republicans, Democrats, and a member of the Communist Labor Party were endorsed by the Gay Voters League, showing that those who participate, are from very diverse sectors of gay life.

Ella Hutch was present and she easily won her bid for endorsement. Ella is a candidate for the BART Board in the 7th District.

Willie Brown won endorsement in his bid for re-election in the 17th Assembly District, and he too failed to put in an appearance.

John Kirkwood did not show up, but barely gained enough votes to show the nomination over Bob Hagen who failed to show also.

Senator Marks, Ray Broshears, Harvey Milk, Tony Compilongo, Senator Marks, Paul Hardman, Bob Mendelsohn

Gay Voters? Where!!!

Despite a well planned event held at the very nice Towne House, gaypeople turned out poorly to see the candidates and hear the issues discussed. That is a tragedy and such apathy is what destroys "gay power". Many of the the gays we questioned told us that they "had to go" to this and that, bar function....such sickness! Of the so-called gay leaders, only Harvey Milk, Paul Hardman, attorney B.J. Beckwith, Hector, Mark Calhoun, Tom Edwards, Mark Joplun, Ray Broshears, Melvina, and Wayne Friday showed up. "Hats off" to them, for having the concern to be fully involved, caring to see, hear, and question those people who would want to hold office in our city. Where were you that night? Apathy means defeat! Vote Nov. 2nd!

Senior Lunch, Visit by Carolyn Marks!

The October 7th Senior Luncheon of the Helping Hands Services, was paid a visit by the lovely and charming wife of State Senator Milton Marks. Carolyn Marks made a hit with everyone present, including those who were working the luncheon this week, Harry Lordon, Maureen (our lady from down under), Miss Bruce, and Rev. Ray Broshears the director. Mrs. Marks listened to the seniors tell her of the various problems that they face daily, particularly the violence that an elderly and infirmed person is confronted with. Some told of being robbed when coming home from the bank on the first of the month after having cashed their social security checks, and the lack of effort by the SFPD to provide any protection in the areas of the banks down to wn for senior citizens. Something which the Old Folks Defense League has lobbied for, for years. Mrs. Marks promised to take their concernsto the Senator and request that he look into them. This luncheon was a huge success, thanks to the hard work of Harry Lordon, Maureen and Miss Bruce. Rev. Broshears was the cook and pot washer again. Tenderloin Tessie, who promotes the luncheons with fund raisers and other such events as the up coming Granny Dance, was absent this luncheon and her presence was noted by many of the seniors present. Volunteers to do the hard gut work of preparing the luncheon, the buying of food and supplies, and the cleaning up, are hard to come by. So if any of you wish to help, please contact Helping Hands Services at 771-3366 or Tess, to see what there is for you to do to help make the luncheons even better. We wish to thank the owner of the Rebound Club, Frankie, for allowing the last senior luncheon fundraiser to be held there.

Pictured above at the top left is Carolyn Marks conversing with some of the seniors present; center-top in the orange shirt is Miss Bruce helping with the bingo game being called by Maureen & Harry; a picture of Maureen. At the left-bottom is Mrs. Leva Ross and other enjoying themselves eating; another picture of Carolyn Marks; and a good photo of Harry serving salad in the kitchen; and a photo of another of the seniors.

MARKS FOR STATE SENATOR.....My name is not "Flip-Flop Tunney", but in the case of Bob Mendelsohn, I have stood with that man from the very beginning of his bid to become State Senator against Fred Furth (Freddy learned not to cross my picket line!), and have stood with him...a bit weakly tho, against Milton Marks....that is, until he did his final "big business vote". Bob Mendelsohn has lied to the voters time in and time out....that is plain speaking. The man would say that he is against this or that to a neighborhood group, but in the final run, it was what Ben Swig, Bob Lurie, Dick Liberman, and that bunch thought, that really mattered to Bob Mendelsohn. Bob claims to be in the tradition of the late Senator Eugene McAteer. Grief, the poor Senator must be turning over in his grave. Senator McAteer was a man of integrity and a man of his principles and when he said something, unless evidence proved otherwise, he stood his ground. Bob Mendelsohn's ground is sinking sand. He just can't say no to the monied interests of this city. Guess that is why his campaign has all the SSSSSS, and Milton Mark's campaign has only people, and in the final run, it is the people who count. Bob Mendelsohn could be one of the greatest legislators in the history of our city, but unfortunately, he hasn't learned to listen and vote with the people, and until he does, I cannot support Bob Mendelsohn, a fine man, but a very bad legislator, with no leadership ability shown yet, except on his campaign signs. MILTON MARKS has shown leadership in the State Senate and being a Republican in a Democratic legislature: is most difficult, especially when you want to get your legislation passed. But, amazingly enough, Milton Marks has had every single piece of legislation that he has introduced, passed. That is outstanding, and that shows tremendous leadership and not just on a sign, but in action. Milton Marks has shown all people, and in particular, the gays and senior citizens, that he will work for them, and he will listen to them (despite Duke Smith). With such a record, with such sincerity, with such integrity, gay people must vote for Milton Marks on November 2nd for State Senator, 5th District. Milton is our friend and a capable legislator, most capable.

Ex Cathedra

by Raymond Broshears

S.I. Hayakawa has a 50 year history as a civil libertarian, he has defended the right of the gay to organize a group on the campus of SF State when his predecessor would not. S.I. Hayakawa is not against gay people, he is not out to do us "in", any more than Jimmy Carter is. His position is the same as Carter's, in that as far as he is concerned, he does not care for homosexuality, and that is his right. But to call S.I. Hayakawa a "homophobe" is absolutely false. It is Tunney who fears homosexuals, not the 71 year old S.I. Hayakawa. S.I. Hayakawa has made it quite clear to this writer that he will not allow anyone to harass homosexuals, or to discriminate against homosexuals, just because they are homosexuals. S.I. Hayakawa is a reasonable and just person, and compared to flip-flop Tunney will make a great U.S. Senator. Gay people should know that civil libertarians like S.I. Hayakawa do not persecute anyone. Gay people must not be blinded by the tired old liberal rhetoric of the Tunney camp. If you want to see just how effective Tunney has been for California.....go out to Hunters Point and look at the empty naval shipyard and 12,000 jobs gone. They went to "Tunneyland".....San Pedro and San Diego. Now, another naval facility is going down south to John Tunney's home territory, for the Navy has announced the closing of Treasure Island Naval Base....another move to San Diego. Look at all the federal dollars that have gone into southern California, as both U.S. Senators favor that area, and that is where Tunney's home is. S.I. Hayakawa is a resident of Marin County, and he will look out for our best interests. He is a good person, an honest person, and he will listen. Gaypeople, is they care about themselves, should vote on November 2nd for S.I. Hayakawa for U.S. Senator.

so much to be done. Such as, we must end discrimination in housing and employment in all sectors of San Francisco. At the current time, there is NO law protecting gays from housing discrimination in San Francisco or in California. This would be a good task to tackle, meaning as Paul Hardman owns many rental units. But then more importantly, the fact that only 22% of the employers in San Francisco are covered by the current weak law which outlaws employment discrimination here. That means that 78% of the employers can and many do, discriminate in hiring against gays, because they do not "do business with the City". What I am saying, is that there is so much meaningful work to do in the area of gay rights, that it is time for many of the so-called gay leaders to set down and do some serious re-thinking. And to Paul Hardman, a hard worker, could it be that you are just a bit bitter? Remember Paul, that I will not be angry with you about the things you write and say, I will not get mad at you....but I will remember Paul, that I promise you and any other aspiring soul in the political arena.....I will remember when the time is right! It is far better to say nice things, than it is to go about "doing in" those persons whom you dislike, for what goes around, comes around....remember that Paul and few others of you out there.

ON S.I. HAYAKAWA.....Wayne Friday, listen here, you and all the other "out-to-lunch-bunch"! Knock Hayakawa all you want, but let me tell you now, that if you believed any of the things that Tom Hayden revealed about Looney Tunney, then you must vote for S.I. Hayakawa, unless you are morally dishonest. Think about it! Really, if that two-faced flip-flopping creep is re-elected again, well, just forget it, for he is in the job forever. How can anyone vote for the man who supported Senate Bill 1,....at least he did until re-election time came and he changed his position for political reasons. This is the same Flip-Flop Tunney who has not responded to a gay group for over five years, until this election time. He is a totally dishonest person politically, and he is bankrupt morally and spiritually.

PAUL HARDMAN STILL SEEKING!!!!!!.....Paul Hardman seeks notoriety, using worn out "causes" in the gay community to do so. PT&T, his current campaign is an old issue, one that has been removed to the satisfaction of the vast majority of gay people. In all walks of life you will find homophobes, and Paul is "witch-hunting" in his war with PT&T. That is wrong. Too many of our gay brothers and sisters are being hurt by his constant campaign for publicity in the PT&T affair. The GLA (Gay Liberation Alliance) ended it's four 1/2 year "war" on discrimination at PT&T in 1975, after finding that discrimination was virtually passe' at PT&T. Let well enough alone Paul, for there is

GAYS AND THE UNIONS.....one of the most serious threats to the gay political power that we now wield in this city, are the big boss labor unions. The labor unions know that the bar-restaurant industry of the gay community is where gays, for better or worse, gain their funds from to do the political organizing that we do today. And the lbaor union goons in their bid to re-establish themselves as the major political power in San Francisco, have begun a drive to unionize the gay bar industry. They have thrown up pickets around the Red Lantern at 188 Golden Gate Avenue, and unfortunately, they have the support of the gay people who are a bit to the left and more, from BAGL (Bay Area Gay Lib) BAGL labor organizers, Howard Wallace and others support the unions bid to unionize and destroy the gay bar and our political power in San Francisco.

THE MOCKINGBIRD Sings...

Of course things will be going on out in the Castro, but the only really important places to be will be the BADLANDS and FLAME at the ELEPHANT WALK. Fun and games at the REBOUND on Geary Street with FRANKIE and Company. Then it's down to the Tenderloin to see JUDY, JON JON and many others at the fabulously new LANDMARK. The WOODEN HORSE will be so packed you can't get a flea in, thanks to the promo work of KABLE KAR ANNIE!

GAY CRUSADER
Squeeks at Oil Can

RACISM PROVEN.....SFPD NORTHERN STATION DOES NOT HARASS THE "WHITE" OIL CAN HARRY'S.....BUT DID SO WHEN IT WAS A BLACK BAR. Those "squeeks" you hear around Oil Can Harry's on Larkin, where BOJANGLES used to be, are caused by racial discrimination. The SFPD Northern Station officers and merchants in the area, used to harass the black BOJANGLES patrons unmercifully. Now, that the place has new ownership and repainted the place....white, in more ways than one....the SFPD ignore it now. The SFPD "ordered" the owners of Bojangles to lighten the outside of the bar with floodlights (guess so they could watch the black customers better), but Oil Can Harry's has no such lighting, it is pitch black, with the exception of an orange-light above the door, hardly noticeable. Why is this? Why not be able to see who goes into it

now that it's "whitey's" bar? The truth of the matter is, that now that it is a "white" bar, the racist neighbors, and racist cops are very happy, so they do not harass Oil Can Harry's. Oil Can Harry's does not appear to be all that "gay" either, as this writer was present on several evenings (buying nothing), watching the couples, heterosexual-like going in, filling the place. So, it is obvious that things are different now, and the management (all white) do like it that way. Racism is on the increase in San Francisco, and the gay community is no exception.

Deputy Chief Supports Crime!?

Deputy Chief of Police MORT McINERNEY

DEPUTY CHIEF OF POLICE MORT McINERNEY IN SAD COMMENTS TO GAY PRESS' In response to an article in the GAY CRUSADER, Mort McInerney told the rival SENTINEL reporter who plays police, that the SFPD would not crack down on anyone who is blackmailing gay people unless they got alot more complaints than one.....at least this is the way the SENTINEL mis-reporters wrote, the story. The GAY CRUSADER in a conversation with the Deputy Chief, found that the questions placed to him by the mis-reporters of the SENTINEL had not quoted the GAY CRUSADER story exactly and the Mort-misquotes. The SENTINEL mis-reporters supported Mort's drive to

become Chief of Police, while this paper supported some one else, and we both lost. But we have been vindicated in our support of another for Chief of Police, for he would never had made the dumb statements that McInerney made, nor would he take the confused attitude that McInerney takes. The Deputy Chief seems to be unclear on just what is real crime in San Francisco, and actually told the CRUSADER that they police can't be bothered with most crimes. The gay community is quite well aware of that, due to the complete failure of the SFPD to solve the gay torture murders. But, those too must fall within McInerney's "unimportant crimes", for when the CRUSADER spoke with him, he was too busy finding out who shot one SFPD Officer, dropping all other duties to concentrate on the apprehension of someone who shot "one of their own".....well, Mr. Deputy Chief, maybe you can understand how gays feel when "one of our own" if the victim, or can you.....after all, we homosexuals are human too. Just ask some of the 20 or so gay cops on the force!!!!

J.C. CAN SAVE AMERICA!

LEE RAYMOND REVIEWS: "Jane Oliver & the City!"

JANE OLIVER..... new singing sensation was at the City recently and I had the good fortune to be able to catch her act. She is just fabulous! This Columbia recording artist's first album is "First Night" and it really mellow. Her renditions of some oldies such as "Some Enchanted Evening", give a new demension to music. Jane was born in Brooklyn.....same place as little ole me.

LEE RAYMOND columnist

Jane tells us that she has had a "love affair" with music all of her life, and after hearing her album, and then seeing and listening to her in person, I can only say that it is one of the greatest romances ever. I cannot say too much about Jane Oliver, for stars like her do not come along every day, and when they do, you really appreciate them. I only hope for each of you, that missed Jane at the CITY, that they will have her back soon. For then you will be able to appreciate her as much as I and my escort Larry did. Reviewing a Jane Oliver is not work, but pleasure. Come back soon Jane!

On behalf of this newspaper, I wish to thank the Columbia Records promotional people for sending us Jane Oliver's album. I would urge everyone to purchase it, as it will bring you many hours of enjoyable listening. The cover of the album is just beautiful, "First Night" is just the begining of many for Jane.

And now.....a few words about the CITY! The CITY is a fine establishment for new personalities to showcase themselves, for how a person comes off depends many times upon the place in which they are presented. From the moment Larry and I entered the CITY, we had nothing but top grade service. The waiters were very friendly and helpful. And the food was superb! Thusly, with fine food and service, I was able to enjoy the show, and let me tell you, even poor service and food wouldn't have dulled the appearance of Jane Oliver too much. But, as stated before, the place is fabulous, and the owners are to be complimented upon the fine employees that they have, for they all went to make for a most enjoyable evening. I am looking forward to my next review at the CITY that is if the editor of the CRUSADER will let me do so. See you all soon, and "Think Love"! Lee Raymond

DISCO MAGIC by Rock Sand

Before we gossip, here is a "flash"..... Watch Out!! There is a new (long awaited) JACKSON 5 L.P. out. Gamble & Huff who produce the O'JAYS, HEARLD MELVIN and the BLUE NOTES, PEOPLE'S CHOICE, along with M.F. S.B. out of Philadelphia (plus a long list of recording artists) are producing this album.

The title?.....THE JACKSONS.....It's on Epic label and it's super hot!!!!

.....There is a popular new dance out, called....."THE D.J. HUSTLE"! Here are the steps.....jump JOHN to the Mind Shaft, one.....two.....slide TIM to the c? t? y?.....three, four.....hit AARON with an Oil Can.....five.....six.....now all spin around together.....seven.....eight.....! I am sure we have not heard the last of this new dance craze, which has hit the disco like a violent storm. Let's pray, in the end, that the storm does not destroy our disco empire.

JOHN GERALDO (top D.J. at the Stud on Folsom) along with Wes Bradley, fellow members of B.A.D.D.A., attended Billboard's Disco Form in New York City. I asked JOHN what his impression of the affair was. His reply follows: "There was education for the D.J. which can help the disco scene in the Bay Area. There was a lot of energy there, and those who were present received alot of energy." John Geraldo is an active member of the Bay Area Disco Dee Jay Association, also serves on the "steering committee", wich helps govern the record pool.

Total control is a must. The moment you enter the disco, the D.J. will take you on a trip. From the bright and vivid lights that blink, to the sweet and sour intoxicating music. Imagine yourself hungry and music as food. If the meal is prepared properly you will enjoy yourself. You are thrilled to hear your favorite records suddenly become ten minutes long!!!! With extra drum-brakes!!! Your feet tell you to get on the dance floor, but you say no. All at once you hear your old favorite, and there you go!! Dancing away, remebering yester-years. Not for too long, for as the lights flash, you realize that you are dancing to a totally different record, but with the same funky beat!! Seems like the record will never end. Your're tired and you want to rest. The, the lights go out and the strobe starts. Naturally you don't stop because you know you don't have to move when the strobe light is on. It always makes everyone appear to be expert dancers, so you continue. As the record ends, you begin to leave the dance floor, but now you hear a ballad and your partner wants to dance. You want to stop, yet you find yourself close, and the music is nice and slow.....there's a drum beat!!!! It's that new record that you heard only once before!! You can't stop dancing!!! You have to jump! and get on down. The wild cry of the whistles and all the other noise makers.....you feel beautiful, as though you are on a wonderful trip. And in truth, you are....."A musical high", produced.....arranged.....conducted.....and re-mixed by the D.J. As night grows old and it's time to go, you remember. You give a quiet smile and leave, knowing that you shall return. The Music Director and D.J. should work in harmony if the patron is to be satisfied. Failure to communicate with each other would and does, produce a failure to communicate with their audience. The Music Director should have a vast library of recordings if the disco is to be lively.

Most directors and D.J.'s own large collections of records. Various record pools, associations, (such as B.A. D.D.A.) and promoters help the collection grow. It is to the Music Director's advantage that he or she employ some technical knowledge about the quipment within the booth. If the owner spends less money for costly repairs, chances are, there will be extra finance available, which in time, will benefit everyone. You should get to know your D.J. and Music Director. They know a great deal about music. All those records you hear, whether on radio or within the disco, they can tell you the correct titles and let you know where they can be purchased. Thus, the Music Director and D.J. work together, for within the disco circle, they are the "heart" of it all.
